A Mountain Guide Evangelist? Does he get *paid* for it?

A few days ago, my mother was sharing with a friend in Seattle about the "neat outdoor ministry thing her son does", to which the lady replied, "Does he get *paid* for it?" Not quite sure herself, my mother answered... "I'm actually not quite sure how all that works, but I would think that he must receive *something somehow* for their work and time all these years?"

Well, it's been another year of stepping forward, trusting, and faith building for us yes, but the joys and rewards, and the witnessing of the God's Awesomes" have also AGAIN been beyond our ability to understand, and definitely beyond my ability to convey in words -

especially to any who've not been physically part of a Climbers With Christ outing. Not in worldly measure - we've been 22 years without charging an outing fee, and ourselves 12 years without a monthly salary, but yes, EVERYONE involved

with God's work is *paid*... and paid *well*. Treasures in our heart, and treasures in heaven.

I very much struggle (weekly, sometimes daily!) with how to share with those not involved on a weekly basis, even a *portion* of the stories and testimonies that we get to be part of.

Here's another attempt...

February in Montana

The Crazy Mountain Tour

In February we were blessed to lead our second backcountry ski / snowmobile day tour into the Crazy Mountains outside of Livingston. The day tour/clinic is open to anyone in the area, of any experience level, and like all CWC outings is offered without fee and is our opportunity to share the Gospel message and truths from God's word with those that participate. It's much different than our ski tours here in NE Washington and the Kootenays in

that it begins with a 40 minute - 8 mile snowmobile sled ride in!

God ALWAYS amazes us with his provision in every way... from guides, sled drivers, gas, gear and participants! This year's trip was no different. The highlights of any of these trips would fill many pages. When people get out into big mountain backcountry creation... God simply WORKS and does indescribable things!

Crazy Mountain Tour Guide Ben Flook

The highlight for myself though came NOT in the mountains this trip but at 1 am the first night we were there. God woke me with a dream in which we were hearing life changing testimonies from an outing 10 years earlier. As I lay there in the dark God spoke to my heart. I opened my Bible to Matthew 22 where the servants were told to go out into the highways and byways and gather all who'd come to the *prepared but not attended* feast. I read on where Jesus said in Matthew 25... "as you've done unto the least of these... you've done unto me." The least of these were those sick, those in prison, strangers, and those in need. In that moment God refreshed the desire in me to avail Climber's outings to those who would otherwise not be able to attend or *afford* these type of trips. God has faithfully opened new and fertile opportunities as we stepped out again in faith.

The 2014 Crazy Mountain Tour / clinic is scheduled for February 15. We'll be sending the flyer out soon!

Spokane Rock Climbing - May, June, July

Teen Challenge Men's Program

God opened a new door this year with Teen Challenge of Spokane. What a gift to hear *first hand* testimonies of God's amazing grace and witness the power of his Spirit (and his Word!) to set people *completely* free of the bondage to sin. AND to see the uninhibited joy these men had in being given the opportunity to do something beyond what they could have ever

imagined! All praise to Jesus! We are looking forward to getting to share again with the Men's Teen Challenge program in the Spring. May God continue to bless you guys as you simply put your trust in the anchor of his unfailing love and his written word! Climb on for the KING guys!

August - Spokane area rehab center hits the rocks!

Rock Climbing Rehabilitation!

Our God truly knoweth no boundaries! Check these great words... "I

called upon the LORD in distress: the LORD answered me, and set me in a large place... The LORD is on my side; I will not fear: what can man do unto me?... **It is better to trust in the LORD than to put confidence in man**" (Ps 118).

We cannot share too much about this, but God gave us

the opportunity (they called us!?!!) to share the full gospel message to a Spokane county drug/alcohol/offenders' "halfway facility" earlier this summer. We took their group climbing at Minnehaha and did "what we do" - shared the good-news with 'em! A couple of the group even inquired about the CWC ministry and asked if they could come to our guide /belay training day! Please keep us in your prayers... as we can definitely feel the "heat" being out in the midst of the battle-field. (Eph 6:12-18)

March - October Family Rock Climbs

Exploring Families Field Trips

God again opened the door (and even did all the marketing!) and allowed us to share the Gospel message with over 100 different families this past year through Kelly Clark and the Exploring Families field trip business in the Spokane area. March through October (two each month) we lead rock climbing "field-trips" at Minnehaha for the EF group. WOW! What a perfect pulpit God's given us to share his message, and many of our other CWC activities!

CWC servant/guide Bob Davis and Jason

One of the EF high points this summer for sure was getting to serve the Krugg family, and especially their son Jason. Jason has Downs Syndrome and has hence been labeled as "not able to do or achieve". We saw other wise though, as given the opportunity Jason climbed on multiple routes that day, and blessed everyone he came in contact with that day!

Jesus specializes in "the least of these" AND in using the "least of these" to humble the proud, and to teach us truths and principles of his Kingdom we'd not otherwise understand. If he didn't, none of us would be doing what we're doing! Praise to Jesus! At the close of the day, we were asked if we'd be interested in taking "an entire group of DS climbers" out rock climbing? Without hesitation...!! "We'd be in for sure!!!"

We look forward to future rock climbs with the EF group in the spring, and also the possibility of availing other CWC winter "field-trips" to Spokane area exploring families.

June - Sharing Jesus AGAIN in the Government Schools!

Chewelah High Ropes Course

Who says you can't share Jesus and the Gospel message in the government schools!?! Jesus started this outdoor ministry thing, and has called us to share the full Gospel with all he brings. We said, "Lord, if you open the door we'll step forth and give 'em the Gospel." They may not come back, but we'll at least get one shot at giving them the goods. God is faithful!

For the fourth year now we have been given the amazing privilege of facilitating a High Ropes course day for the Chewelah summer school program. One of the program helpers has told us that the year that the school district decided to NOT use CWC and the high ropes

event, the result was lower achievement of the stated program goals across the board. Being outcome based funded, the following year they decided to "re-instate" the high ropes course with Climbers With Christ. The program's goal achievement increased once again. Praise Jesus for the opportunity and blessing he's given in getting to love and share with these kids, AND for the boldness of those Christian adults involved with the Chewelah school district and it's programs.

June 17-18, Sept 8-9 Father/son & Family Overnights

Rock Climbing in the Gorge

In June God again gave us the father/son overnight at the Gorge opportunity with a full group from Life Center Church in Spokane. And early in September we got to go back down to the Gorge with a

church group from Odessa, WA. It's always pretty neat to be part of the tool that God uses to "open the door" (i.e. a guide!) for those who've never seen some of the Washington desert grandeur! Then to climb on the Feathers with them, hike the Sonshine Wall with them, and sing praises and share testimonies with them under Dad's starry host! We're definitely seeking the Lords will as to again

PRAYERS AND PARTNERSHIP?

"I thank my God upon every remembrance of you, Always in every prayer of mine for you all making request with joy, For your fellowship in the gospel from the first day until now; Being confident of this very thing, that he which hath begun a good work in you will perform it until the day of Jesus Christ" (Philippians 1:3-6)

I'm again getting close to filling yet *another* personal "answered prayer log & journal", in which are documented a life-times worth of God's miraculous provisions in our lives. Yet amidst the completion of *another year* of witnessing God's amazing faithfulness to our family and the ministry of Climbers With Christ with so much to thank the Lord for, one filled with such abundant praise reports, God has also brought us to one of the most trying and stretching times in our walk with him. Last May as the home and acreage we were renting was foreclosed on, the Lord moved us to "the house on the rock" across the river a bit south of lone. In mid August the well went dry, and since we've been hauling about 2000 gallons of water a week to fill the holding tank from which the water is pumped up to the house. (We're praising Jesus for Josh's *timely* fathers day gift! An F250 Super Duty 4 wheel drive pickup truck!)

About the same time a close friend, excited about the ministry and vision of Climbers With Christ offered to donate a home and acreage to our family that we might have a more permanent setting in which to grow our family, and also have a "base camp property" from which to base CWC outings, ropes course, and hold future camp setting ministry events. We were even told to "get the new non-profit thing going" so it'd be in place. For a couple of weeks we reveled in the Lord's amazing and overwhelming gift. Our daughter Katie saying to us, "Wow... it's like God just handed dad his life long dream!" And then, seemingly overnight, the offer was "retracted" and it was as if the conversations and gift had truly been just that, *a dream. It was not mentioned again?!*

Last month, with Kristina 8 months pregnant, the pump in the holding tank quit working all together and we "endured" a seven day period here on the mountain literally hand hauling every bit of water for our family of 13 - for drinking, meals, dishes, horses, rabbits, ducks, a dog, toilets, and a few quick lukewarm baths. Katie's Haiti mission still being pretty fresh on our minds helped us with some perspective, but it was still quite a stretch none the less.

While we have no doubts as to the Lord's directing us to this specific house *for this season*, it does not seem to be the "appointed place of our own in which we would move no more" he spoke of. While praying about the property offered to us in back in August I re-read a passage that God had spoke 9 years ago during the beginnings of Valley Christian Fellowship, 2 Samuel 7. It has been a powerful and personally inspiring passage to me ever since. This time however, verses 10 and 11, a portion that had not really impacted me before, boomed out to my heart...

"Moreover I will appoint a place for my people Israel, and will plant them, that they may dwell in a place of their own, and move no more; neither shall the children of wickedness afflict them any more, as beforetime, and as since the time that I commanded judges to be over my people Israel, and have caused thee to rest from all thine enemies. Also the Lord telleth thee that he will make thee an house" (2 Samuel 7).

Since then the Lord has reminded me over and over not to put my hope in man (I'll be disappointed), but rather to trust only in him and his unfailing word. Though the property offered in August is currently being prepared for sale, I have still been holding the word he spoke clearly in that time. The passage (along with our growing family's needs, and our children's interests and pursuits) has sparked some new thoughts and prayers about future rental and/or home "owner" possibilities in our future.

PRAYERS & PARTNERSHIP?

We are willing (and desire to!) to continue to live by faith, raising

our children, and to share the Gospel through the family business and ministry of Climbers'. I am more than willing (joyful!) to do all the continued day to day outing prep, gear oversight and maintenance for Climbers, the "tent-making" on the side - sawing logs 20-30 hours a week for a friend locally the last three years... willing to be out on the forefront of the battle lines trusting the Lord and sharing the Good News boldly and unashamedly. Holding to the Lord's words though, we are now looking for a "place of our own", a place that would allow our growing family and farm to plant a garden and put down a bit more roots. A place we could put up the High Elements Ropes Course again, and do more family, father-son, mother-daughter, and a small CWC overnight camping ministry from. Not being bound by debt has allowed us freedom to oversee and embrace much of CWC ministry the way we have, but the lack of a "permanent" dwelling place is becoming more and more a stumbling point for the growth and health of our family. I want to be a good shepherd to my family FIRST.

I'm asking for your prayers, as we are still looking at heading into the winter hauling water as the well has not "returned" as of yet, and it's an uphill drive to the holding tank. Also, the house does NOT have wood heat in a land that is known for it's "certain" winter power outages, not to mention the **very** unhappy thought of trying to dry winter gear and boots all winter for a family our size with the house's *three* in the wall heaters! Kristina has been amazing, but her time is getting short for delivery of our 12th blessing! If the Lord has another place this side of winter we're asking him to make it clear this week. If not we'll hunker down, pray for water, pray about an alternative heat source for home and winter drying, and trust his grace sufficient.

"ye have not, because ye ask not. Ye ask, and receive not, because ye ask amiss, that ye may consume it upon your lusts.. But he giveth more grace. Wherefore he saith, God resisteth the proud, but giveth grace unto the humble... Humble yourselves in the sight of the Lord, and he shall lift you up" (James 4)

If any of your know of a place for sale or rent (or lease/option) that would fit our "medium-large" country family & ministry and fulfill the 2 Samuel 7 passage let us know. The Pend Oreille Valley area seems to be where the Lord has lead us and kept us. It's a fruitful area for raising a family, *and* from which to base CWC outings from - rock & ice climbing, hiking, backcountry ski touring, and snowshoeing within 1.5 hours, and most of the CWC guide and servant base in the northeastern Washington area. But we are open to the Lord's leading. Lord you lead, we'll continue to follow. CWC evangelism is the tool you've given, we just want to avail it.

Those of you who believe in the ministry of Climbers With Christ, have seen and/ or experienced the fruit and have supported in the past, please pray about partnering with us. Maybe someone has some property not being used for the Kingdom that could be donated? CWC is not a non-profit (501.c3), but maybe there's some out there who'd consider going in together with us to purchase a property? We've had one family let us know that if we could buy it, they'd sell 15 treed acres to us for *half* of what they'd put it on the market for to use as a camp and CWC ministry base? We'd be willing to consider forming a new non-profit 501.c3 (Basecamp Family Ministries), if someone needed the write-off. We'd do all the leg work and day to day operations, others could partner in support.

Our son Josh has even talked of possibly going in on a property together? It would need to be just a bit closer to Spokane (1 hr) to be

profitable for him to start his diesel side/business repair shop.

For 23 years God has proven over and over to us HIS ability to do what we could NEVER imagine - Just as he said in his letter to us! His ability to do what all others today would say is not possible. That he ALONE would receive ALL the glory, honor, and praise!

PLEASE PRAY FOR US, *and* (if the LORD'S leading you) would you please consider partnering with us physically as a guide or servant, or with us as a land or resource contributor, or as an "idea provider" - give me a call or send me an email.

Obviously, no praise compares to those of the life changes resulting from the sharing of the Gospel and actual outings them-

selves. There is however another giant "God's Awesome" in the listing of those 44 2013 events . Each and every one was availed WITHOUT CHARGING A FEE to those wanting to participate! With guided group rock climbing starting at \$70 per half day to 2-3 day alpine climbing trips ranging from \$800-\$1500 per person, what **God has done** here is literally unheard of in the outdoor arena.

22 years ago, God called us to "give the Gospel away... *without charge.*" This year's "wrestling match of faith" was no less a battle for us then was the first. As each time before, I said to the Lord... "Anytime, anywhere Lord, you provide and we'll go forward." His response to me was again also the same as always... "Stan, **you go and I'll provide.** Remember, without faith it's impossible to please me. Will you trust me *again?*"

We've **all** been given a "measure of faith" (Rom 12:3, Eph 4:7). I believe that God's also given me a "gift of faith" (1 Cor 12:4,9). I think often to myself... "have I truly trusted him enough... how well did I invest what he entrusted to me in this life... what will I have to show on *that day* for the gifts and talents he's entrusted to me in this life?!"

God continues to give CWC opportunity to share his life changing gospel message in some pretty amazing and fertile "pulpits", and we will continue to mountain guide for (and with) him as long as he does. As the season changes again (we LIKE winter!), please pray for me and CWC as the challenge to trust and go forward, and to *freely* GIVE the gospel away is once again before us. And pray about coming along side (or OUTside) with us this season!

We would like to thank the Lord for Mountain Gear. For the incredible blessing of allowing us to purchase some of our climbing "tools" (rope, helmets, and rentals, etc) locally and at a **greatly** reduced price. Through you guys, gifts to the CWC have been multiplied many times! A special thanks to store manager JOHN SCHWARTZ. God bless you guys! MOUNT RAINIER - Praises AGAIN!

Jesus said "My grace is sufficient for thee: for my strength is made perfect in weakness." Therefore... "I can do all things through Christ which strengthens me."

"Quite a feat"... would be quite an understatement! Rainier definitely has the reputation of being "the BIG one" in Washington. Less than half that attempt the mountain make it to the summit. But God has surely done great things and blessed the *climbers with Christ* bunch. We've been on the mountain 28 times, and of those the Lord has blessed us with 25 summits! Being such a big objective with so many variables, we've come to understand that it's not necessarily the best climb for much Bible reading and prolonged group "devotional time". It IS however one of the best places we visit in which the Lord's humbling process is tangibly and almost unanimously experienced by all. EVERYONE who takes on the challenge of Rainier, ends up relying upon the Lord and *his strength* - physically, mentally, and emotionally - the place he wants us to *live daily!*

With his help, all seven on the men's climb made the summit, and five weeks later, all seven of the ladies team made it also! All praise to Jesus!

Men's Climb (L/R); Kylan Kracher, Stan, Chris Hogan, Mike Riddle, Dan Cowger, Floyd Christman, Bob Davis. **Ladies Climb** (L/R); Amber Busby (12) Alan Adams, Abigail Christman (15), Stan, Floyd Christman, Chris & Colleen Hogan.

MOUNTAIN GUIDES... for Jesus!

"If any man desire to be first, the same shall be last of all, and servant of all... And whosoever of you will be the chiefest (i.e. #1), shall be servant of all... I am among you as he that serves" - Jesus

More than at any other time, I appreciate and am very aware of the fact that without the body of Christ coming together to plant, water, share, and be used of the Lord, very (very!) little of Climbers' ministry would have been done, or be taking place at all. One of THE MOST rewarding aspects of overseeing and being involved with God's work here at CWC is seeing his body at work. **Once again, without the body of Christ (You reading this, those who pray, those who give of their resources, AND those of you who give up of your life and time to serve - mountain guides for Jesus!), there would be little to write about. THANK YOU ALL!**

2013 Fall Guide & Belay Training - FULL!!!

Hey, praise Jesus! Great things he IS *PREPARING TO DO!*

For years we've prayed, "Lord could you bring us some Jesus loving, excited for evangelism Christian belayers?" He said... "Stan, raise 'em up!" The Lord has always brought *just enough* when it comes to belayers. Well, we are pretty stoked up about this coming year. Looks as if the Lord is preparing for more increased planting, watering, and harvesting in the local rock climbing mission-field.

On September 2nd, he brought and graduated 8 new CWC servants and belayers, including a dad, daughter, and son combo. All but one has *already* served on at least one subsequent climbing outreach down at Minnehaha, and one has even planned and coordinated his churches climbing trip. Where we usually have 5-6 belayers on any given group day trip to Minnehaha, the last rock climb outing at Minnehaha (the first week of November), we had 9 belayers show up! He IS sending workers into his ever ripe low alpine spring harvest. We are hopeful and praying that some will also take the next step and get some alpine skills going.

The new birth results in new life and that new life results in new living. Saving faith results in a saved soul and a saved life. Holiness is the normal Christian walk. Where there is not holiness the genuineness of true conversion should be questioned! "What shall we say then? Shall we continue in sin, that grace may abound? God forbid. How shall we, that are dead to sin, live any longer therein? Know ye not, that so many of us as were baptized into Jesus Christ were baptized into his death? Therefore we are buried with him by baptism into death: that like as Christ was raised up from the dead by the glory of the Father, even so we also should walk in newness of life." - Romans 6 AV19

"How encouraging (the climbing yesterday), thank you Stan & CWC. This speaks to me too in those things ahead of me to do. Those things that seem too big to accomplish, are really just mice when I am at the foot of my Lord. My burden is his to carry and I just need to take the next step and trust that I hear his voice. I have a friend, a young mother whose child has Down syndrome... and I am trying to convince her to come Thursday. She confessed to not being "religious" but I can tell she is searching... She needs Christ. I am encouraging her to "skip school" that day and bring her son to climb with us, to see that he can reach great heights (pun intended). She needs to hear your story and get something . EAL to think about, to chew on" KK (Spokane Valley)

"Hello, I met you yesterday with my daughter climbing in Spokane. Bob shared the ropes you already had set with us we had a great time. I wanted to say thank you to all and I appreciate the work you do with the Lord. I know when I'm on belay with the Lord I will not fall. I will always be safe. Thank you again." GP (Sandpoint)

Dear Stan and "clan of Climbers With Christ", Thank you so much for the

blessing of a special day learning more about rock climbing. The four children and I had an absolute blast and will have a desire to do it again I'm sure! Thank you for sharing the Word also and presenting so clearly the love of Jesus. You and your ministry are truly being used by God to change lives. It was also a blessing to get to know you and your family and see how God changed your life so drastically! We will pray for the ministry and your family as time passes by. We hope to sometime be able to participate again! . enae, Jordan, Matt, Hailey, & James (Mead)

Hi Stan, It was such a privilege to have the opportunity to climb with you last week. Then even a greater privilege to hear your testimony!!! God has been glorified in your life & your love for Him is infectious!! You have a message that needs to be heard and high school students would benefit. We would love to have you speak at our FCA. If one of the following dates works, we would love to have you speak. NS (Colbert)

It was an awesome outing Thanks for sharing a bright light and sharing the "Anchor" BB (Edmonds)

"I can't tell you how meaningful the Washington Rock rappel was. I can't remember ever being in a place like that mentally. I was crushed and God was magnified. That really needed to happen. I've been on a different train of thought since then. What is meaningful? I read through Ecclesiastes this morning and thought about the faith driven life of the Busby family. I pray that God continues to bless you and use you to expand his kingdom." TE (Odessa)

Yes we get "paid" for it! ALL PRAISE TO JESUS! We're climbing on!
